HERECY AT MATH-SCI JUNCTION: BASIC MATHEMATICS IN PHYSICS THEORY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English. Brand new Book. This book is a look at the interface between mathematics and science theory, discussing some points that seem so obvious as to be always overlooked. the redefinition of the concepts of Zero and Infinity and the description of Signed Numbers as having a duality of magnitude and operator designation, represent fundamental changes that, might have impact in mathematical theory and formation of scientific mathematical models.

Reviews

Excellent electronic book and helpful one. I could comprehend everything out of this published e book. I discovered this pdf from my i and dad suggested this book to discover.

-- **Dr. Daphnee Homenick II**

Very helpful for all class of people. This is certainly for anyone who statte there was not a really worth reading through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Mable Corkery**

Merely no words and phrases to describe. I am quite late in start reading this one, but better then never. I found out this ebook from my i and dad encouraged this pdf to find out.
