THE HAND: CURRENT ADVANCES IN ASSESSMENT AND TREATMENT (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English. Brand new Book. Proper wrist and hand function is integral to nearly all daily life functions. An injury-whether due to repetitive stress, disease, or soft-tissue damage-makes work, sports, household, or leisure activities both stressful and painful. The care of the hand and upper extremities has long been a challenge to physicians and therapists, and, in order to restore function and mobility, it is of paramount importance to have...
